

# AQUA TRAC™ | Water Leak detector

## KEY FEATURES

- 1 Amplifier w/volume & mute
- 2 Sensor w/3 point ground plate
- 3 Magnet base
- 4 Stereo headphones
- 5 3 section contact rod

## FEATURES

- ▷ Hand held device with simple operation and high performance.
- ▷ Designed for all of the water leak detection applications, including leak surveys and leak pinpointing. Use the 3-point ground plate for pinpointing on streets and concrete slabs. Use the magnet base or the contact rod for leak surveys at hydrants, valves, or meters.
- ▷ Extremely compact and lightweight. The Aqua Trac™ water leak detector is the perfect solution for plumbers and contractors due to its entry level operation and it's a high quality and affordable option.
- ▷ 3 Frequency filters (low, medium and high) and customizable frequencies available through the unit's menu, to find the right fit for your detection process.
- ▷ Hard IP68 Certified ABS custom carrying case included.
